CHAO CAO TRINH

FRONT-END WEB DEVELOPER

Hi! I'm Trinh, a front-end web developer, who loves to dig deep into how a computer works. Currently, I have two years of experience working as a front-end developer.

WHAT I CAN DO

- **HTML:** Create semantic web page and efficient HTML structure.
- **CSS:** Use pure CSS, check for old browser CSS support.
- **JavaScript:** Have a very good knowledge of JavaScript.
- **Git:** Basic uses of git.
- **Back-end:** Understanding of the communication between client and server.
